Financial Assistance

Families who would like to apply for financial assistance should go to www.tuitionaid.com or contact the Office of Admissions. Financial assistance decisions are made independently of admission decisions; one is in no way affected by the other. Once accepted to Oratory, financial aid candidates are then referred to the Financial Aid Committee, which determines whether a student has demonstrated financial need. Applications received after the **December 5, 2008** priority deadline are welcome, with the understanding that financial aid funds may be expended by this time.
